Education

Maulana Azad National Institute of Technology, Bhopal	2023 – 2027
Bachelor of Technology	CGPA: 8.13
SBBS Smriti Vidyapeeth Shubla Building, Auraiya	2021 – 2022
CBSE (Class XII) – Higher Secondary Education	91.2%
SBBS Smriti Vidyapeeth Shubla Building, Auraiya	2019 – 2020
CBSE (Class X) – Secondary Education	95.83%

Technical Skills

Languages: Python, C/C++, JavaScript, SQL, HTML, CSS
Libraries/Frameworks: React.js, Node.js, Express.js, NumPy, Pandas, Matplotlib, Tailwind CSS
Tools & Platforms: Git, GitHub, MongoDB, VS Code, Vercel/Netlify
Core Competencies: Data Structures & Algorithms (DSA), Computer Networks, OOP, DBMS, Operating Systems

Projects

MERN Stack Task Management System Node.js, Express.js, MongoDB, EJS, REST API
– Engineered a full-stack CRUD application featuring a responsive centered-card UI and bulk-deletion capabilities powered by MongoDB's array-based matching logic .
– Optimized database interactions by implementing asynchronous MongoDB connections and ObjectId-based filtering for precise record retrieval and modification.
– Architected a scalable backend with Express.js, utilizing dynamic EJS template rendering and custom body-parsing middleware for real-time data synchronization.
Real-Time Weather Dashboard React.js, OpenWeather API, Fetch API
– Developed an asynchronous module to fetch live meteorological data from the OpenWeatherMap REST API using modern JavaScript ES6+ features.
– Implemented dynamic rendering to update UI elements and icons based on atmospheric conditions (humidity, wind speed, and temperature).
– Integrated robust error handling and input validation mechanisms to handle API rate limits and invalid location queries effectively.
MyCoolStore – E-Commerce Platform React.js, Tailwind CSS, LocalStorage
– Designed a modern storefront with multi-category filtering and global search functionality, enhancing product discoverability.
– Implemented a persistent cart management system using LocalStorage, allowing users to retain their selection across different sessions.
– Utilized Tailwind CSS for a utility-first design approach, achieving a high-performance, mobile-first responsive layout with custom themes.

Positions of Responsibility

Aaroha NGO	Bhopal, MP
Management Member (Promoted from PR Executive)	Aug 2024 – Present
– Directing strategic planning and volunteer operations for educational outreach, impacting underprivileged children through structured weekly curriculum delivery.	
– Negotiated and secured long-term food sponsorships from local vendors, reducing event overhead by 20% and streamlining logistics.	
– Facilitated communication between executive tiers and volunteers to ensure smooth execution of large-scale social awareness events and donation drives.	

Achievements

– Achieved a peak contest rating of 1503 on LeetCode , 1459 on CodeChef , and 1140 on Codeforces .
– Solved over 550+ Data Structures and Algorithms problems across various platforms, including 250+ problems on GeeksforGeeks .
